

Incubation Hub

CENTRE FOR CIVIC ENGAGEMENT

Core Values

- Commitment to the process and activities to be undertaken
- Active participation by all
- Everyone's Opinion Matters

Rules of Engagement on WhatsApp Platform

- All discussions and information shared in the group shall not be shared outside of the group except as part of agreed-upon community engagement or feedback processes.
- No forward posts from other groups that do not relate to the issues/processes related to the initiative and work we will do.
- No jokes, spam or unrelated content are to be posted on the group. Always keep information shared for the purpose of the group.
- No personal attacks or use of derogatory language towards any member of the group.
- All opinions matter. No bullying or harassment will be tolerated.
- Please don't send in repeated "thank you" or "noted" messages.

Incubation Hub and LearnDash Etiquette

- Your login details are unique to you, please do not share them with anyone else.
- Materials and information shared in the Incubation Hub and on LearnDash should not be shared outside of the Group.
- Do not share the link and access to the LearnDash or the Incubation Hub with anyone outside of the PAL Group
- Read and engage with the materials provided in on these platforms regularly.
- Where feedback and comments are required keep them succinct.
- If you are unsure about anything or have challenges with access reach out to the SIVIO Institute WhatsApp Administrator for the Group or email matronm@sivioinstitute.org

General Safety and Security on the WhatsApp Platform

(Reference – CITE Zimbabwe (<https://cite.org.zw>))

We would like to bring to your attention an important matter that concerns safety and security. Lately, there have been reports of scammers and malicious individuals infiltrating various online platforms, including WhatsApp groups, in attempts to deceive and exploit innocent users. To safeguard the harmony and integrity of our group, we kindly request everyone to remain vigilant and exercise caution while engaging with unknown individuals. Here are some important points to keep in mind:

Be Wary of Suspicious Messages

If you receive a message from an unknown number or a member you haven't interacted with before, be cautious. Scammers often use enticing offers, fake stories, or phishing attempts to deceive you.

Verify Information Before Acting

If someone shares a link, offers a deal, or asks for personal information, double-check its authenticity. Always verify the source and ensure it's not a phishing attempt.

Never Share Personal Information

Avoid sharing sensitive data like your address, financial details, or passwords in the group or with unknown individuals. Legitimate organizations will never ask for such information through WhatsApp.

Report Suspicious Activity

If you come across any suspicious behaviour or messages that appear to be from a scammer, please report it immediately to the group admins. We will take the necessary actions to maintain the group's safety.

Educate Others

Help spread awareness about online scams and their tactics. By educating each other, we can build a stronger defence against scammers.

Throughout this entire process, your safety is our top priority, and we are committed to maintaining a trustworthy and secure environment within our PAL. If you have any concerns or questions, feel free to reach out to the group admins privately (. We appreciate your cooperation and look forward to a continued enjoyable experience in our WhatsApp group.
